1. Faculty Development Programs (FDPs) - Sponsored & Approved

FORGE-INDIA promotes continuous professional growth of faculty through structured and quality-driven Faculty Development Programs (FDPs).

- a) One-week structured FDPs are designed to enhance the academic competence, research orientation, and technical expertise of faculty members across disciplines.
- b) Institutional and Program Members are eligible to organise FDPs, which can be reviewed and approved by FORGE through a structured online application process.
- c) FDPs may be partially sponsored by FORGE or approved by FORGE (self-financed) (for Institutional Membership and Program Chapter).
- d) In cases where FDPs are organized directly by FORGE, Institutional Members or Program Chapter can apply to collaborate as Organizing Partners through the prescribed application process.

2. Workshops & Training Programs

FORGE-INDIA conducts and supports short-term, high-impact learning initiatives aimed at bridging the gap between academia and industry.

- a) Short-term (2–3 days) skill-oriented programs focusing on hands-on learning, practical exposure, and industry-relevant technologies.
- b) These programs are designed to strengthen technical proficiency and enhance employability among participants which can be professionals or students.
- c) Institutional, Program and Student Chapter members are eligible to organize Workshops & Training Programs, which can be reviewed and approved by FORGE through a structured online application process.
- d) Workshops & Training Programs may be partially sponsored by FORGE or approved by FORGE (self-financed) for Institutional, Program and Student Chapter Members.
- e) In cases where Workshops & Training Programs are organized directly by FORGE, Institutional, Program and Student Chapter members can apply to collaborate as Organizing Partners through the prescribed application process.

3. Seminars / Expert Sessions / Guest Lectures

FORGE-INDIA facilitates knowledge exchange and industry interaction through focused expert-led sessions and academic engagements.

- a) One-day programs featuring academicians, industry experts, and professionals to provide domain insights, research exposure, and career-oriented guidance.
- b) Institutional, Program and Student Chapter members are eligible to organize Seminars, Expert Sessions, and Guest Lectures, which can be reviewed and approved by FORGE through a structured online application process.

6. FJMR (FORGE Journal of Multidisciplinary Research)

FORGE provides a platform for researchers to publish their research articles through FORGE Journal of Multidisciplinary Research (FGMR) - an international peer-reviewed journal.

- a. The journal is published quarterly (in June, September, December, and March)
- b. It is an open-access, double-blind, peer-reviewed journal ensuring high-quality scholarly standards.
- c. Professional and Student Members are eligible for a 25% fee waiver on Article Processing Charges (ACP) for publication in FJMR, every year.

7. Industry Collaboration & Support

FORGE invites industries and organizations to collaborate through CSR funding to support industry-academia interaction programs, CSR-linked initiatives, sponsored research discussions, and professional engagement activities. The funding will also be utilized for various development initiatives benefiting FORGE members, including skill development, research support, innovation activities, and professional growth programs, with a strong commitment to transparent and effective utilization of CSR resources.

8. FORGE National Excellence Awards

FORGE recognizes excellence across students, professionals, institutions, departments and industry partners through structured 20 award categories under the FORGE National Excellence Awards. These awards are presented annually to honour outstanding contributions, thereby fostering a culture of excellence and continuous improvement within the FORGE community.

All FORGE events are conducted with prior approval through the official online application process. The activity calendar is available at the official website.
